

Cincinnati Chapter 3rd Quarter 2017 ChapterGram

President's Message

It's hard to believe that summer has already ended! This has been especially bittersweet for me, as my youngest is now off to college. With the start of the new school year (and that very empty nest), it's time for us to think about our own (continuing) education. With that in mind, you may have noticed that there is a new program for CE requirements for CPCU designation holders. For those of you that have not spent your summer scouring the CPCU Society website for details, here is a quick summary of the new program:

Simply complete 24 hours of practice-oriented credits every 2 years.

- Earn credits through The Institutes, The Institutes CPCU Society, and CEU, which will be automatically reported. Other qualifying activities, such as training in the course of your job, can be logged on the reporting platform. **Find out what counts.**
- The reporting fee is waived for all CPCU Society members. For non-members, the fee is \$189 for each reporting period.

When does this requirement become effective for current CPCUs?

- If your matriculation was approved **on or before June 30, 2016**, you have 4 years for your initial reporting period. Afterward, all CPCUs will follow a 2-year reporting cycle.
- If your matriculation was approved **on or after July 1, 2016**, your initial reporting period is 2 years from the time you obtained your designation.

The Institutes are encouraging all CPCUs to honor their commitment to continuing education. CPCUs in compliance with the reporting requirements will be publicly recognized for their commitment to their industry and careers. Attending Chapter educational events is a great way to earn some of your CE credits. Hope to see you at our Liberty Mutual Breakfast Seminar and also at our biggest event of the year, I-Day!

Kristy Guckenberger, CPCU, AINS, API, ARC
